Thanks Barbara. Do you happen to have any idea on when we might see the decision document on the TCRA alternatives evaluation? I know Valmichael and Steve are on vacation, but I was under the impression we were going to get the decision document while they were out. Just checking...

Regards,
David

Subject: Re: Final Draft San Jacinto River Waste Pits RI/FS Work Plan

Thanks, David on the promptness of the submittal of the RI/FS work plan. After incorporating the suggested edits from counsel from IP and MIMC; HC, TCEQ, and EPA technical staff; and the natural resource trustees, I am attaching section 2.1 site history language that needs to be incorporated into the RI/FS Work Plan.

Dear Steve-

On behalf of McGinnes Industrial Maintenance Corp. and International Paper Company, Integral and Anchor QEA have posted the following document on the San Jacinto River Waste Pits document portal, in the folder called "San Jacinto Harris County" located under Deliverables, RI/FS Work Plan, Revised RI/FS Work Plan – Posted by Teri Freitas at 1:36 pm

:

· Draft Final Remedial Investigation/Feasibility Study Work Plan, San Jacinto River Waste Pits Superfund Site

Hardcopies of these draft documents are not being sent to you and others at this time, but will be following EPA approval of this draft, or revision, as appropriate.

We believe we have addressed all of comments received from EPA, TCEQ, the natural resource trustees, and Harris County as reviewed in our meetings and subsequent correspondence; however, it was our understanding the EPA's internal counsel was going to provide additional suggested language for Section 2.1 on Wednesday this week. We have not received that language to date, and given your previous guidance did not want to hold up the technical team review any longer. The MIMC and IP legal team will continue to work with EPA on the edits in Section 2.1 regarding Site History as required.

This document is submitted pursuant to CERCLA Docket No. 06-03-10, UAO for RIFS.

Thank you,
David Keith

David C. Keith, Ph.D., RG, CHG
